Summer & Early Fall 2023

Hello, Prayer Partners and Faithful Supporters!

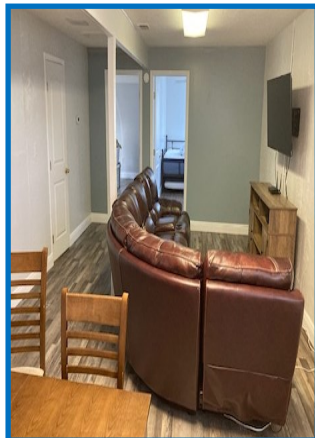

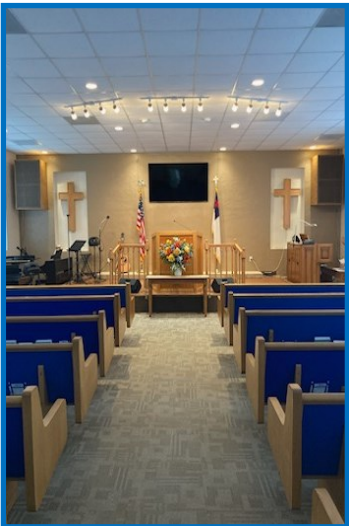

This summer and early fall has been very eventful and fruitful. I left Florida with Jordan Petrick to go to Branson, MO to lay carpet and wood floors in the newly remodeled sanctuary and additional classrooms upstairs. We installed carpet squares in the classrooms, roll carpet in the auditorium, and wood flooring on the platform. While we worked, we prayed for Summer Camp and new members. Also, we had the privilege of spending time with missionaries to Croatia, Mr. and Mrs. Brad Lowrie. It was nice to see them!

As I left Missouri and entered Arkansas, my van started cutting out as I climbed a mountain. Once at the top, the motor gave up totally. I had lost the engine. I called Pastor Moody for assistance. He came with a trailer to get me and the van back to Wilson Creek. I left my van at Wilson Creek and flew back to Florida. I got my trailer and borrowed a truck then drove back to Wilson Creek to get my tools. I was able to find a local shop near Wilson Creek to change the motor for me. After all was said and done, it cost \$6,000 for a new motor and labor. If you can help in any way, I will gladly rejoice on your behalf as this was a hard hit to me financially.

After this craziness, I was able to continue on to Tri-County Baptist Church in Katy, Texas. I completed a few projects there before traveling to Harbor Baptist Church in Ormond Beach, Florida. I renovated the Prophet's Chamber kitchen with the help of a few members. Together, we completely remodeled the Prophet's Chamber. After that, I was able to build large speaker cabinets for the organ speakers. They had been sitting in the front corners of the platform. Now the full effect of the organ can be heard.

I thank everyone for your prayers and support!!! Next, I will be attending the Home Missions Conference at Wilson Creek Baptist Church. In the coming months, I will be in churches in Nebraska, Illinois, and Texas.
