MISSIONARIES to MEXICO

June 2024

Dear Friends,

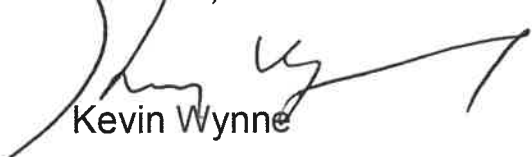

Franco and his wife Smalte are from Haiti. They came to our Haitian church service, and Franco and his son Maricol trusted Christ. Franco and his son were excited about salvation and inviting others to Christ, but all Smalte cared about was getting an appointment to go to the USA.

Last week Franco went to work, and after he left Smalte took some pills, turned on a small gas stove, and forced her son to die with her. We found him hugging her legs, apparently begging her not to do it. She left a note saying it was because she was tired of hoping for an appointment to go to the USA. How sad. God wanted to give her citizenship in heaven. Pray for Franco; he is still coming to church and trying to go for God. How sad are those who don't trust Christ!

Rocio was a strong atheist and wanted nothing to do with God. Her niece Erendira trusted Christ and began attending our church. Rocio was mad and mocked them, but then her brother died, and this changed her attitude. Amazingly, she came to church with her niece and family and got saved! She is now working to reach others! God is great!!

In June we had 823 walk the aisle for salvation and 542 Baptized at church, with another 113,905 saved and 1,106 Baptized in services off-property. Each soul saved is fruit for your account in heaven! We could not be here without you! Thank you! We love and appreciate you very much.

In Christ,

Kevin Wynne
