

May 2026

Dear Pastors and Friends,

Hafa Adai, from the island of Guam. We have mostly recovered from Typhoon Sinlaku. I guess this is a normal feeling when one lives in Typhoon Alley.

We had a great first quarter of the year with many being saved and baptized. At our baptismal service on Sunday down in Tumon Bay, we met a Japanese young man visiting from Tokyo. There on the shoreline as we baptized other converts, he placed his trust in Jesus Christ as his Savior. What a privilege to be in this place!

Last Saturday, we had our Bible clubs for young people in Yona, the village where our church plant is thriving! A parent who came to the Bible club sat on the front row. At invitation time, he got saved and has attended the last five services. You never know who will come to Bible club!

This summer, we have two big events planned. The first event is Vacation Bible School, which is right around the corner. For the second event, we will be going to the island of Pohnpei in July. As Paul said in I Corinthians 16:9, "For a great door and effectual is opened unto me...." We will be conducting five-day Bible clubs from July 6th to July 10th. In conjunction with our Bible clubs, we will be having a youth camp the same week. We have secured a place to house over one hundred of their local teenagers. I will get to preach to them twice a day for the entire week. Please pray for the camp and the Bible clubs. The facilities were offered to us for a small price, but we will also pay for food and logistics. What a great opportunity for us to give the gospel to the island of Pohnpei.

Thank you for all that you do for us in the ministry. I am forever grateful!

Steven Barnes,
Missionary to Guam

Prayer Requests and Information:

Please pray for the effort in Pohnpei. If you would like to help support the effort in Pohnpei, it would be greatly appreciated. I hesitate to mention this request because you all do so much for us. The opportunity is great and the blessing is eternal!
