After my fall and 10 stitches later

Pastor Bolling & FBC Lexington 10th anniversary

Hello church family and friends,

It has been a little while since my last letter. The recovery time from my car accident at the first of the year has meant a lot of therapy and doctor visits. I'm better now but still need to repair my right bicep.

Shortly after Spring here at Harbor Baptist Church, Rebecca Petrick was hit by a drunk driver Sunday afternoon after church. It's been a lot to take as I was there with her and grandma, Ruby. Please continue to pray for Mike Petrick and the family. It's been very hard for Mike and Christina. The Petrick's grandmother was also in the accident with Rebecca. Miss Ruby was badly bruised and had broken her back. The doctors placed steel rods in her back and kept her in the hospital for some time. Jordan Petrick and I remodeled Miss Ruby's bathroom with a new walk-in shower and a wall-mounted seat so she didn't have to climb in and out of a tub.

Before this, we took a trip to the Wilds for a senior retreat. The messages were right on and very encouraging. Also, in the Spring we had our Easter service with many visitors! We had a family of seven join. Barbara, the mother of seven children, got assurance of her salvation and was baptized! We also had a single mother, Chloe, and her two children join the church.

In June, I went to celebrate the 10th anniversary of First Baptist Church in Lexington, Nebraska and Pastor Michael Bolling. 10 years ago this was a church plant and rescue. He started with about five people and it was a challenge! Through the 10 years the church has now grown to running about 40 people. Also, the church has been in constant remodel and is completed. A new fellowship and multipurpose building has also been added to the property, hosting the anniversary event.

During the Summer, Harbor Baptist Church here in Ormond Beach, Florida has been having a new building added to our property. It will soon house the seed line ministry of putting together John and Romans in many different languages, to be distributed around the world. Currently, the roof is on and the electric is ready for inspection. Soon the insulation will be sprayed on the ceiling and the floor will be finished, as well as the drywall. About the same time, the doors will also be installed.

In July, I went to Nashville, Tennessee to Nashville Baptist Church for some upgrades to the church. While running the electric for the exit lighting, I had an accident. I went to the truck to get a drill bit, and on the way back I turned my left ankle on the edge of the driveway, then my right foot twisted in a hole. Down I went! I cracked my forehead on the edge of the sidewalk. Ouch! The ER gave me 10 stitches, and my face turned black and was swollen the next day. I spent that day recovering then went back to work to complete the projects (I had to wait for my right eye to open so I could see). Many prayers went to heaven for my healing that God answered! It's been several weeks now, and I am almost completely healed. Thank you for your prayers!

Now it is time for the annual Church Planting Conference at Wilson Creek Baptist Church in Brookline, Missouri with Pastor Randall Moody. I have arrived and can't wait to see what God has planned for the meeting this year!

Thanks to all for your faithful support and prayers for me and this ministry and for helping new churches get grounded to spread God's word!
